ROTARY AEROSOL FILLING MACHINES

RTV series

Multi-column and stand-alone rotary machines for high-speed, high-quality production in customized configurations.

- **Top mechanical speed: 300 CPM**
- **Available with 6, 12, 16 or 24 heads**
- **ATEX compliant**

CAP series

Rotary machine for caps handling.

- **Top mechanical speed: 300 CPM**
- **Available with 6 and 12 heads**
- **ATEX compliant**

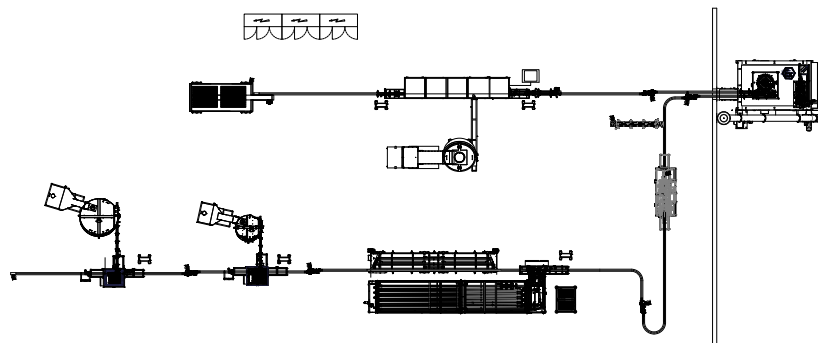

MTR series

Rotary machine for actuators handling.

- **Top mechanical speed: 300 CPM**
- **Available with 8 heads**
- **ATEX compliant**

COMPLETE ROTARY LINE | LAYOUT EXAMPLE

- **Production speed:** 250 CPM
- **Ancillaries:** feeding table, gas house, checkweigher, water bath, accumulating table, actuators and caps placer
- **Cans diameter:** from 35 to 66 mm
- **Cans height:** from 90 to 300 mm
- **1" valves**
- **Liquefied and compressed gases**

SERVICE & SUPPORT

- **Spare parts**
- **Maintenance** contracts
- **Assistance** to production services
- **Remote monitoring** and **support**
- **Training**
